

HALF HEIGHT LOCKER RANGE 300MM & 380MM WIDE

Product Description

The Statewide Half Height Locker is an Australian made product constructed of 100% recyclable Bluescope steel. Half height lockers are available in a single door, two door and four door variant. The standard widths are 300mm and 380mm, however custom sizes are available on application and tend to be better suited to volume orders. There is a comprehensive range of locks available including digital keypad, RFID, coin return, latchlocks and more. To cater for OH&S requirements, sloping tops can be fitted, as well as stands, stands & seats or just bench seats if required.

Features
