

LARGE UTILITY LOCKER - 600W X 1800H X 600D

Product Description

The Statewide Large Utility Locker is an Australian made product constructed using 100% recyclable Bluescope steel. The Utility Locker is made extra deep at 600mm, as well as with extra width of 600mm. Three adjustable shelves are included to cater for individual users' needs, as well as a hanging rail for clothing. The locking system is a 3 point flush mount key lock which can be supplied masterable and either keyed unique (standard) or keyed alike. A flush mount latch lock is available as well as several other locking systems.
