

POLICE LOCKER

Product Description

The Statewide police locker was developed in conjunction with the Australian Federal Police. It's exclusively manufactured in Australia using .7mm Bluescope steel in order to guarantee strength and durability. The locker features a hat shelf, boot shelf and hanging rail. The locking system is 3 point key locking which is supplied mastered as standard however can be supplied non-masterable on request. Door ventilation is supplied on all 4 corners of the door to ensure adequate aeration. The extra width of 495mm ensures more than enough space for clothing, equipment and other gear.
